

Small Becomes **BIG ON JUNE 27TH**

Chairman Reid Rundell and CEO Howard Keating Cordially Invite You to Join Us in Launching ZANA Network.

Big business may get most of the attention, but small business has always been the backbone of the world economy. There are 49 million small and medium enterprises (SME) in the U.S. and more than 150 million SMEs worldwide. Half of all current jobs and two-thirds of new jobs in America are created by small businesses. 99 percent of businesses in Europe are SMEs. There are tens of millions of SMEs in China, India and throughout Asia and Latin America.

It's time SMEs get the big-time business help and recognition they deserve.

On June 27, 2007 small businesses around the world will have a new ally — **ZANA Network** — a dynamic online business community designed to connect small and medium businesses across the globe with the profitable sales opportunities, partnering, services, business tools and resources they need for success. ZANA Network will also be the united voice of SMEs on issues that impact them.

Small Becomes **BIG**
